

VSLA Onboarding Guide

For System Administrators and Field Agents

1. Introduction

This document guides administrators and agents through the process of onboarding a new VSLA group into the system — from data collection, setup, configuration, and linking to the payment system, to enabling member profiling and transactions.

2. Prerequisites

Before onboarding a VSLA, ensure that:

- The VSLA registration form is fully completed (group name, share value, loan rate, chairman, treasurer, secretary, keyholders, etc.).
 - The agent responsible for the group has been profiled in the system.
 - You have access credentials for both the **VSLA Management System** and the **Payments System**.
-

3. Step-by-Step VSLA Onboarding Process

Step 1: Collect Group Information

Begin by filling out the **VSLA data form**, capturing:

- Group name
- Share value
- Loan rate
- Loan amount
- Grace period
- Group leadership (Chairperson, Treasurer, Secretary, Keyholders)

Ensure all fields are accurately filled before proceeding to system registration.

Step 2: Add Group to the System

1. Log into the **Agrobase System**.
2. On the left menu, select **Farmer Groups** under **Profiles** Menu.
3. A list of all existing groups will be displayed.
4. Search the group to check if it is already available, if not, add it anew
5. To add a new group:
 - a. Click the **+** (**plus**) icon at the bottom right.
 - b. Fill in the required fields:
 - i. Select the cooperative the group belongs to (**Compulsary**)
 - ii. Group Name
 - iii. Contact Person
 - iv. Location
 - c. Click **Save**.

Farmer Group's Field Officers

ASSIGN FIELD OFFICER

Name	Phone	Email	Usergroup	Action
Patricia HFU	0	atuhairepatricia01@gmail.com	Field Officer	

Fig 2: select the VSLA box and 'assign Agent' to the group

- Under the group details, locate the **Attach Agent** section and select the appropriate agent from the dropdown list of pre-profiled agents.

Agents are responsible for profiling members into the group and providing ongoing field support.

Step 3: Configure VSLA Settings

- Go to **VSLA Management** → **Settings**.
- Search for the newly added group.
- Click the **Configurations** button next to the group name.

entries

#	Name	Actions (configurations, edit, Savings, payments account, Loan Tracker)
1	St. Tereza Youth Group	
2	Test VSLA Group	
3	Lacan Pe Nino	

Fig 3: select the first purple icon to enter configurations

- Enter the group's financial settings:
 - Share value price
 - Loan rate

- Maximum loan amount
- Fines
- Welfare contributions

5. Save the settings.

Step 4: Set Up Payment Account

To enable digital transactions, create a payment account for the VSLA.

In the Payments System:

1. Log into the **Payments System**.
2. On the left menu, select **Accounts** → **Payment Accounts**.
3. Click the **+** (plus) icon at the bottom right to add a new account.
4. Fill in:
 - Account Name (VSLA Name)
 - Group Number
 - Email
 - Address
 Account Type → Select **Merchant** from the dropdown.
5. Click **Add**.

The screenshot shows a 'Payment Account' form with the following fields and options:

- Account Name**: A text input field.
- Select 'Yes' if subaccount**: A dropdown menu.
- Select parent account**: A dropdown menu.
- Contact 1**: A text input field with the example '(0770000000)'.
- Contact 2**: A text input field with the example '(0770000000)'.
- Email**: A text input field.
- Address**: A text input field.
- Select account type**: A dropdown menu.
- Payment Review**: A checkbox.
- Primary Approval**: A checkbox.
- CLOSE**: A button at the bottom left.
- ADD**: A button at the bottom right.

Fig 4: fill the payment account details

6. The account will now appear in the list.
7. Next to the group name, click the **Tools** button and select **API Settings**.
8. On the API page:
 - Generate **API Key** → Save it.
 - Generate **API Username** → Save it.
 - Note the **Account ID** → Save it.

The screenshot displays the API Settings interface, divided into two main panels. The left panel contains 'Account Details' (Account Name: AAPL CASH OFFICE, Account Number: 1619353576, Account Id: 10, Airtel Balance: 0 UGX, MTN Balance: 0 UGX), 'API Credentials' (Client IP Address: ?, API Username: aaplcashoffice, API Key: 45a1a69801a3f415569ba797f4b6551cc3293be5b2af2493ca7be825baf2d029), and an 'API Activation' checkbox. The right panel features input fields for 'Client IP Address' (with a question mark), 'API Username' (containing 'aaplcashoffice'), and 'API Callback URL' (with a question mark). Below these is an orange 'UPDATE' button. At the bottom, the 'API Key' is displayed as '45a1a69801a3f415569ba797f4b6551cc3293be5b2af2493ca7be825baf2d029' with an orange 'GENERATE' button below it.

Fig 5: enter username, save it, generate API key and save

These credentials will be used to link the payments account to the VSLA system.

Step 5: Link Payment Account to VSLA

1. Return to the **VSLA Management System**.
2. Navigate to **VSLA Management** → **Settings**.
3. Search for the particular group.
4. Click the **Payments Account** button next to the group name.

^ Name	⌵ Actions (configurations, edit, Savings, payments account, Loan Tracker)
St. Tereza Youth Group	    
Test VSLA Group	    
Lacan Pe Nino	    

Fig 6 : select the third icon (Orange icon) to open Payments account for a group

5. In the form that appears, enter:

- API Key
- API Username
- Account ID

6. Click **Save**.

Once saved, the group's payment system will be successfully connected and ready for transactions.

Step 6: Add and Assign Agents

1. In the **VSLA System**, go to **Profile** → **Agents**.
2. Add new agents (credentials will automatically be sent via SMS).
3. Attach each agent to their respective VSLA group(s) as explained in Step 2.

 Agents are responsible for profiling VSLA members through the mobile profiling app.

Step 7: Profile Members via the Mobile App

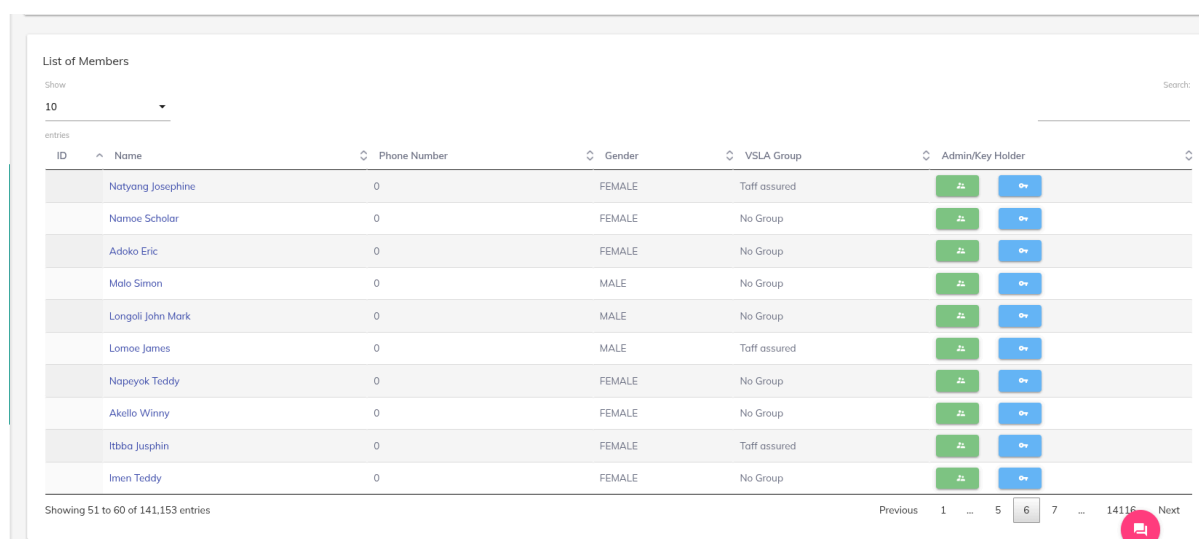

1. Agents log into the **Profiling App** using their credentials.
2. During member registration, they must **select the specific VSLA group** the member belongs to.

- Once profiling is complete, all members will appear under their respective groups in the system.

Step 8: Set up VSLA Admins / Keyholders

After Profiling VSLA Members:

- Log into the system and on the left hand menu, select **VSLA Management** then select **Admin Members**
- This page will show a list of all pre entered admins, to add a new admin,
 - Click the **+** (plus) icon at the bottom right.
 - From the list, select the members you want to add as admins/ Keyholders

ID	Name	Phone Number	Gender	VSLA Group	Admin/Key Holder
	Natyang Josephine	0	FEMALE	Taff assured	 
	Namoe Scholar	0	FEMALE	No Group	 
	Adoko Eric	0	FEMALE	No Group	 
	Malo Simon	0	MALE	No Group	 
	Longoli John Mark	0	MALE	No Group	 
	Lomoe James	0	MALE	Taff assured	 
	Napeyok Teddy	0	FEMALE	No Group	 
	Akello Winny	0	FEMALE	No Group	 
	Itbba Jusphin	0	FEMALE	Taff assured	 
	Imen Teddy	0	FEMALE	No Group	 

Fig 7: Green icon for Admins while Blue icon with a key for adding keyholders

Step 9: Start VSLA Activities

After setup:

- Members can begin savings, loan applications, repayments, fines, and meetings.
- All transactions and group activities will be managed under **VSLA Management** in the system.

4. Summary for onboarding process

1. **Collect Group Data**
→ Fill out the VSLA registration form (group name, share value, loan rate, chairman, keyholders, etc.).
2. **Add Group to the System**
→ Log into the VSLA Management System → *Farmer Groups* → click **+** **Add Group** → fill group info → **Save**.
3. **Mark Group as VSLA**
→ Tick **VSLA checkbox** → click **Update**.
4. **Attach Agent to Group**
→ Select the agent from the dropdown under *Attach Agent* (agents are pre-profiled).
5. **Configure VSLA Settings**
→ Go to *VSLA Management* → *Settings* → find group → click **Configurations** → set share value, loan rate, fines, welfare, etc.
6. **Create Payment Account (in Payments System)**
→ Log into the **Payments System** → *Accounts* → *Payment Accounts* → click **+** **Add** → enter details → **Save**.
7. **Generate API Credentials**
→ Under *Tools* → *API Settings*, generate and save:
 - API Key
 - API Username
 - Account ID
8. **Link Payment Account to VSLA System**
→ Back in VSLA System → *VSLA Management* → *Settings* → click **Payments Account** → enter API details → **Save**.
9. **Add Agents (if not already added)**
→ *Profile* → *Agents* → add agent → credentials sent via SMS.
10. **Profile Members via Mobile App**
→ Agent logs into app → profiles members → selects correct group.
11. **Add VSLA Admins**
→ select **Admin members** from **VSLA Management menu** and add / view admins
12. **Begin VSLA Activities**
→ Group can now save, take loans, pay fines, and hold meetings in the system.

5. Troubleshooting Tips

Issue	Possible Cause	Recommended Action
Group not showing in Settings	Not saved as VSLA	Ensure VSLA checkbox is ticked and updated
Payment account not linking	Incorrect API details	Recheck and re-enter credentials

Agent not found in dropdown

Agent not profiled

Add agent first under “Profile → Agents”

Members not visible under group

Wrong group selected in app

Reprofile with correct group

6. Next Steps

After successful onboarding, proceed to:

- Train the group on using the system for savings and loans.
 - Test the payment integration with a sample transaction.
-

7. Support
