

eGwoko Mobile Application

Overview: eGwoko is a digital solution for Village Savings and Loan Associations (VSLAs) that simplifies financial management with a user-friendly mobile interface. It provides real-time access, transparency, and convenience, eliminating manual record-keeping and cash-based challenges.

Advantages of using eGwoko

- **Convenience** and **accessibility** anytime, **anywhere**
- Real-time **updates** for **accurate** records
- **Transparency** and **accountability** with traceable transactions
- **Reduced cash handling** and risk of theft
- **Cost efficiency** with data-based operations
- **Seamless integration** with payments systems
- Offline profiling for **continued operations in low-network areas**.

Login

Steps:

1. Open the app and log in using the phone number and password you registered with.

 **Tip:** To access the app, ensure you've been added to a group and that your group settings are up-to-date. You can only log in once these requirements are met.

Forgot Password

Steps:

1. To reset your password, click 'Forgot Password' and follow the prompts to verify your phone number. A new password will be generated, allowing you to regain access to your account

Savings Module

Overview:

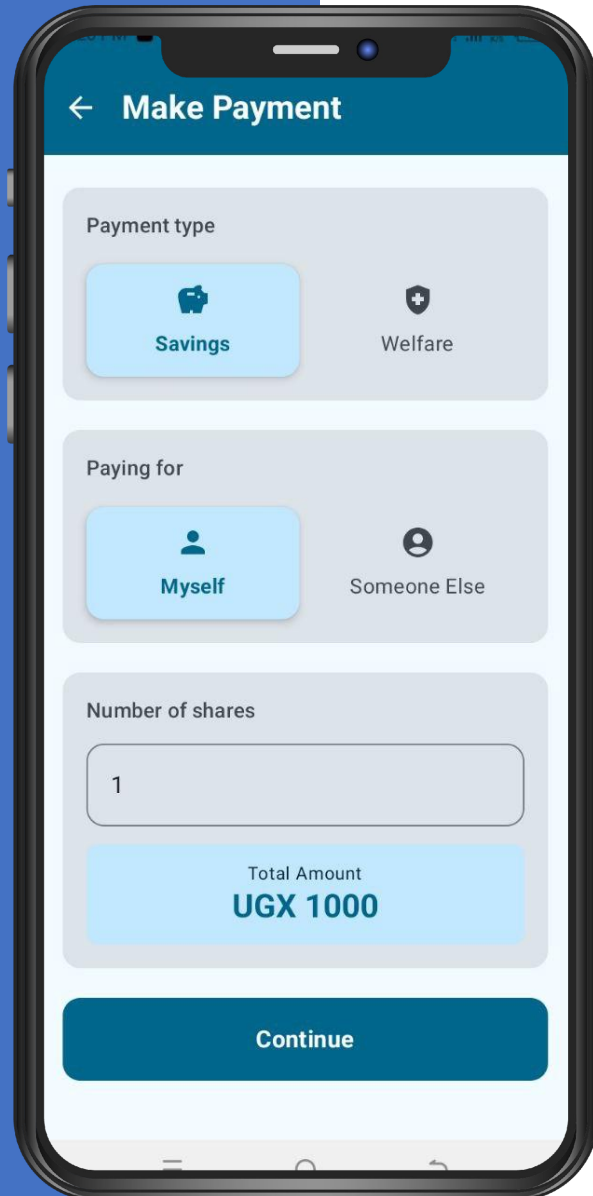

Displays the overall savings status of the VSLA group — including total member contributions, cumulative value, and active loans.

Core Features:

- View total group savings and total loan portfolio.
- Check group-level transactions and reports.
- Accessible to group leaders, agents, or authorized admins.

Benefits:

- Promotes transparency and accountability among members.
- Helps groups monitor liquidity and plan share-outs.
- A member can save on behalf of another member

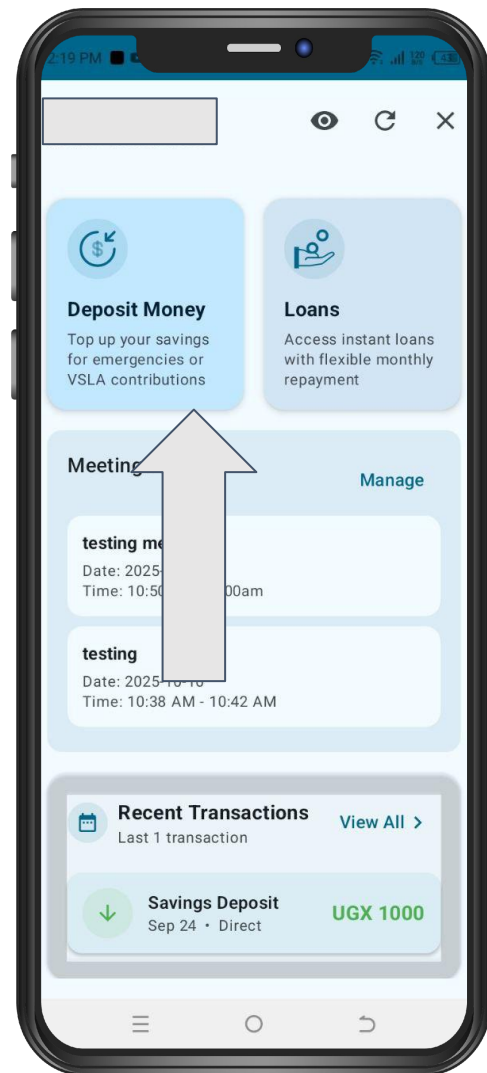

eGwoko Application - Saving/ buying shares

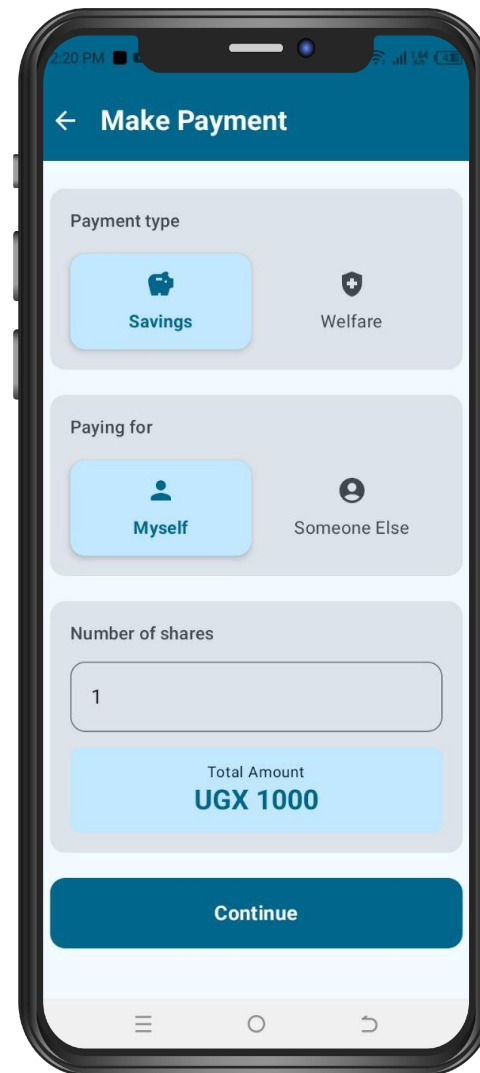

Enter credentials

Loan Management

Overview: This module enables users to manage loan activities efficiently. Key functionalities include:

- Viewing existing loans
- Applying for loans for oneself or another member
- Approving loans (Administrator privilege)
- Making loan repayments for oneself or another member using their Member ID

Core Features:

- **Loan Application:** Apply for loans personally or on behalf of another member.
- **Loan Viewing:** View loans associated with the group.
- **Loan Repayment:** Repay loans for oneself or another member.
- **Loan Approval:** Approve loan applications for members (Admin only).

Benefits:

- **Simplified Loan Scheduling:** Easily manage loan schedules.
- **Convenient Repayments:** Make loan repayments via mobile money (MoMo).
- **Flexibility:** Apply for loans and make repayments for oneself or other members.

The screenshot shows a mobile application interface for applying for a loan. At the top, there is a blue header with a back arrow and the text 'Apply for Loan'. Below the header, the interface is divided into several sections:

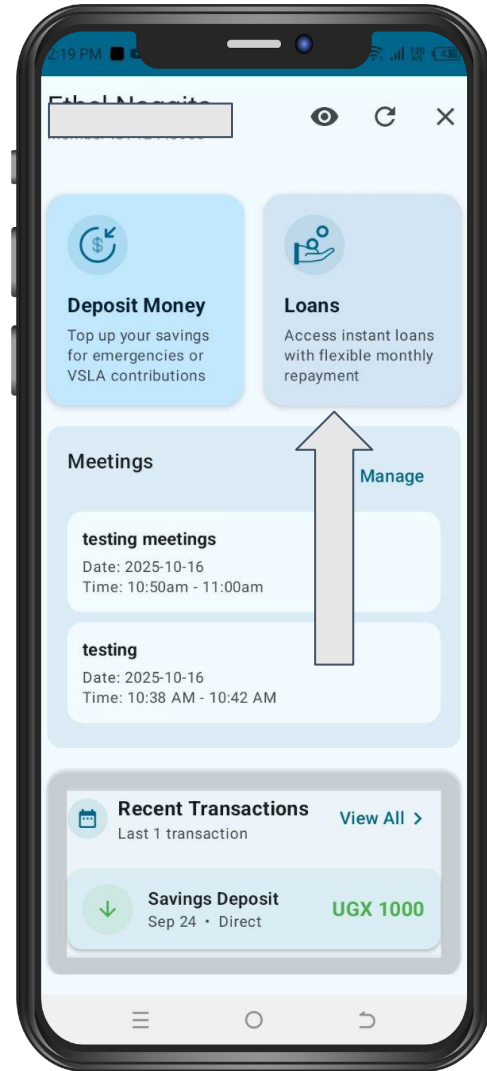

- Your Loan Limit:** A light blue box displaying 'UGX 90,000' and a subtext: 'You can borrow up to this amount based on your savings.'
- Phone Number:** A light gray box showing a masked phone number '0772-123456789' and a subtext: 'This phone number will be used for your loan application.'
- Loan Type:** A dropdown menu currently set to 'Savings'.
- Amount (UGX):** An empty input field for specifying the loan amount.
- Apply for Loan:** A large, rounded gray button.
- Loan Information:** A light gray box containing three bullet points:
 - Savings Loan - Funds for business and personal development.
 - Welfare Loan - Funds for emergencies and healthcare needs.
 - Your loan application must be approved by

on the main screen, scroll
and select 'Loans'

Select 'Repay Loan'

Select the 'Repay Loan' option
to make a loan repayment

Enter Amount

Enter repay amount from
schedule and proceed

Meeting Management

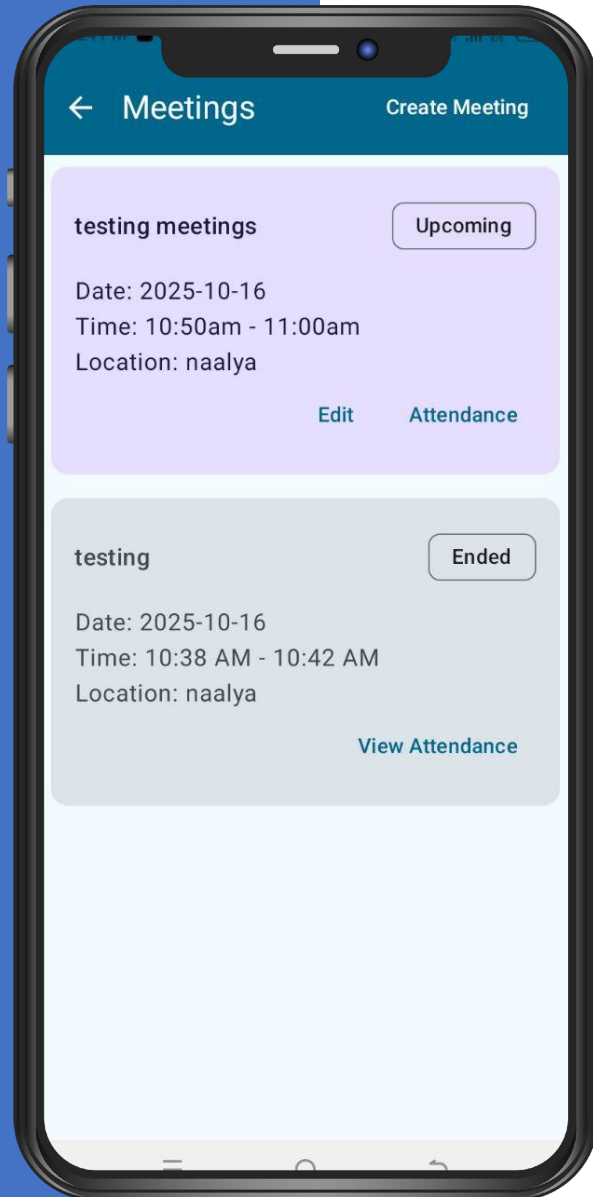

The Meeting Management Module is designed to facilitate scheduling and attendance tracking of group meetings. Administrators can schedule meetings, and members can confirm attendance for themselves or other members. A key dependency is that loan requests are only enabled when a meeting is not currently in progress, ensuring alignment with group processes.

Core Features:

- Meeting Scheduling: Schedule meetings (Administrator privilege only).
- Attendance Confirmation: Members can confirm attendance for themselves or another member.
- Meeting Status Tracking: Tracks meeting status (e.g., upcoming, in-progress, concluded) to govern loan request eligibility.

Benefits:

- Digital Records: Meetings are digitally recorded, ensuring accurate and accessible attendance tracking.
- Improved Governance: Loan requests are gated by meeting status, promoting orderly group operations.
- Transparency: Digital attendance records enhance transparency and accountability.

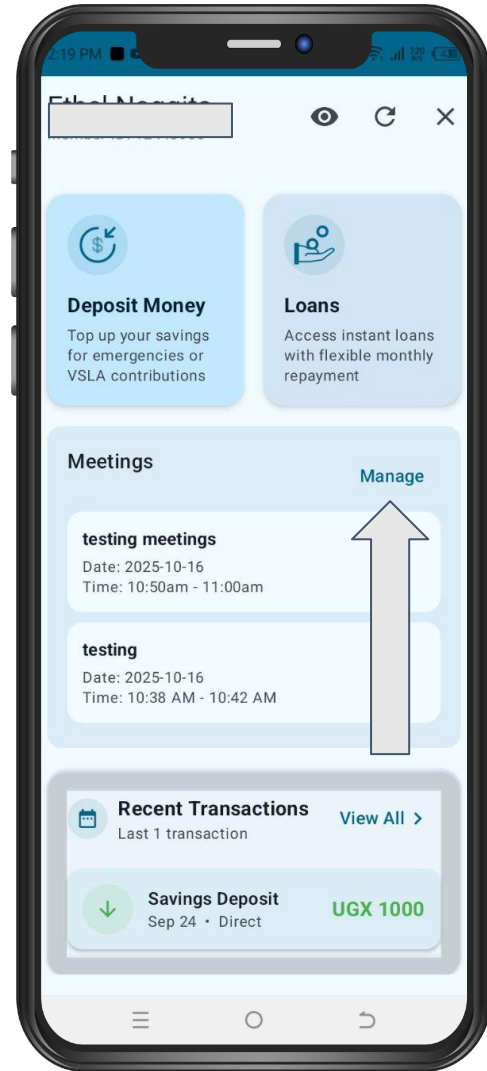

eGwoko Application - Scheduling a Meeting (Admins only)

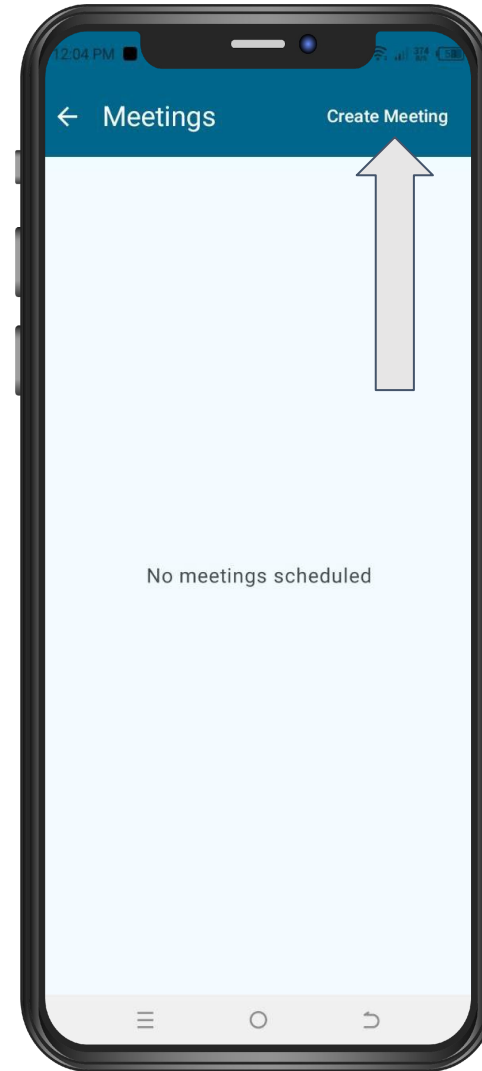

enter credentials
